# P R E F A C E .

In presenting this, the Forty-sixth issue of the Directory of the city of Albany, to the community, the Publishers would again renew their acknowledgments to the citizens generally, for their encouragement and aid to their labors.

There is no class of publications of equal size that involve so much labor and perplexity as Directories, and to no one cause, can their accuracy and fullness be attributed, as to the courtesy, assistance, and appreciation of a people. In this, the Publishers, though they urge the great need of an entire willingness on the part of individuals, to give all of the information solicited, yet they cheerfully concede the general politeness, and ready answers given to the many questions that are indispensably addressed by our agents and canvassers.

The Publishers have in this year's compilation, exercised a good degree of care and watchfulness, employing competent and faithful assistants; and they ask the indulgence of the public, upon whatever inaccuracies as are unavoidably attendant upon such an enterprise.

# MAYNARD & NOYES' WRITING INK.

THE MANUFACTURE OF THIS INK WAS COMMENCED IN 1816,

And the quality has now been tested by the public for more than forty years. During this time it has been constantly increasing in public favor and patronage, and is now the leading article in the country. Those who may be ignorant of its superiority and reputation, are invited to read the following testimonials, and to make trial of it themselves. When the best judges, after using it more than twenty-five years, express themselves in one manner concerning its superior excellence, it is quite evident that no one need be troubled with bad Ink.

*Bowdoin School, Boston, Jan. 7, 1857.*

Messrs. MAYNARD & NOYES: I have used your Ink in the Writing Department of this School the past thirty years, and take pleasure in renewing my testimonial of its superior quality. It flows freely from the pen, its color is brilliant and permanent, and it combines all the necessary and desirable qualities of good ink.

JAS. ROBINSON, Writing Master.

*Boston, January 10, 1848.*

Messrs. MAYNARD & NOYES: Gentlemen—It is now, I believe, more than twenty years since the School Committee passed an order for using your Black Writing Ink in the City Schools. I have used it during that period, and deem it a *first rate article*, and cheerfully recommend it to others. It *flows freely* from the pen, and increases in blackness after being committed to paper, and the color is *durable*. I know of no Ink equal to yours, and I have tried many kinds, both English and American.

P. MACKINTOSH, JR.,

Principal of Writing Dep. Hancock School.

*Office of Merchants Ins. Co., Boston, Jan. 2, 1856.*

Messrs. MAYNARD & NOYES: Gentlemen—I have used your Writing Ink generally for the last twenty-five years. In 1847 I renewed my certificate of its excellence, and having continued its use ever since to my entire satisfaction, my opinion is confirmed in its superiority. *It flows freely from the pen, and is, in all respects, the best Ink I have ever used.*

GEORGE HOMER, Secretary.

*Registry of Deeds, Boston.*

Messrs. MAYNARD & NOYES: I have made use of your Writing Ink for the Recording of Deeds, &c., the past *twenty-five years*, and take pleasure in renewing my testimonial of its superiority. From appearance of the records in my office, I consider it particularly adapted for all purposes where *permanency of color is requisite or desirable, as my oldest records prove it to be unalterably black.*

H. ALLINE, Register of Deeds.

## COPYING INK.

This Ink gives a copy as distinct and perfect as the original, and combines all the properties of our Writing Ink. This quality particularly adapts it to Counting House use, as it answers all the purposes for which a writing liquid is warranted. Also,

## BLUE, RED AND CARMINE INKS.

THOSE INKS FOR BEAUTY AND BRILLIANCY OF COLOR ARE UNEQUALED.

No. 341 BROADWAY, ALBANY, N. Y.

The following testimonial was received from Alderman J. SCHUYLER of this city. This is only one of the many equally flattering testimonials in my possession, showing the superiority of these scales over all others.

R. GROOM—Sir: In the Spring of 1856, you put up in my yard, corner of Basset and Franklin Streets, one of your Four-Ton Coal Scales. At the same time, FAIRBANKS put up in my yard at No. 175 Broadway, one of his Coal Scales of the same capacity. Since then, to the present time, both scales have been in constant use and tested thoroughly. I am confident that the scale put up by you is, in every respect, far superior to the one put up by Fairbanks. I cheerfully recommend the scales of your manufacture, to all others, being satisfied that they cannot fail to give perfect satisfaction.

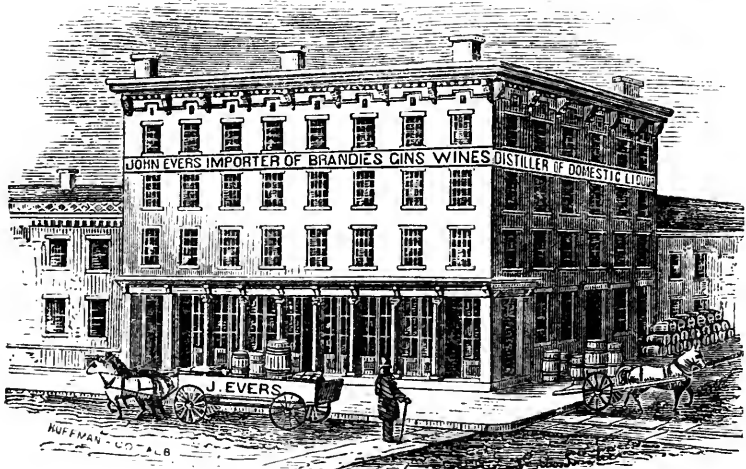

Albany, October 19, 1858.

Yours Truly,

JAMES SCHUYLER.

## The GENUINE FAIRBANKS' SCALES WARRANTED DURABLY ACCURATE.

### A WORD OF CAUTION.

The well earned reputation of these Scales has induced the vendors of imperfect and worthless balances to offer them as "FAIRBANKS' SCALES," and purchasers have thereby in many instances been subjected to fraud and imposition. Fairbanks' Scales are manufactured at no other place than St. Johnsbury, Vermont, where the business is still conducted under the supervision of the original inventors.

Fairbanks' Scales are the LEGALIZED STANDARD FOR CORRECT WEIGHT, and are more extensively used than all others.

Nearly all the Railroads in the United States and Great Britain are supplied, in whole or in part, with these Scales. More than seven-eighths of all the merchandise, coal, hay, grain, stock, &c., bought and sold in the United States and the Canadas, is weighed on Fairbanks' Scales.

The Manufacturers now offer more than one hundred distinct modifications, adapted to every required operation in weighing.

The buildings of the Institute are new, and in adaptation and architectural elegance are entirely model and unique.

## COURSE OF STUDY.

The design of the Principal in the course of instruction which he proposes to furnish, is to prepare young men and lads for college as well as for the counting-room and for general business. For this purpose, departments in the various branches of learning have been formed, which are taught by the Principal and by Teachers of approved ability.

## TERMS.

The year is divided into two terms of twenty-two weeks each, commencing on the first Wednesday of November and May.

Pupils may be admitted at any time.

Pupils pay \$200 per annum, or \$100 per term.

Music on the Piano \$36 per annum, or \$18 per term.

For use of Gymnasium \$2 per term.

Payment half term in advance, unless otherwise stipulated, and no deduction made for absence, unless in cases of protracted sickness.

All articles of clothing must be distinctly marked. Pupils furnish their own towels and toilet soap.

The use of tobacco is strictly prohibited.

RELIGIOUS EXERCISES.—The pupils attend family worship daily, and public worship and the Sabbath school every Sabbath.

## REMARKS.

Understanding fully the importance of a more thorough course of elementary training than is commonly attained, the Principal has conducted his new Institute, from its commencement, now six years, with this object distinctly in view, and feels confident that by his exact arrangements, every scholar receives that particular attention which will secure the greatest amount of substantial progress.

The liberal and uninterrupted support which the Institute has enjoyed from its commencement, shows how faithfully its design has been executed by the Principal and how justly appreciated by its intelligent patrons.

Persons wishing more particular information, will be furnished with catalogues, by addressing the Principal.

Sandlake is accessible twice a day by stage, from Congress street, Troy.
